

We listen to KLOVE and AIR1 radio in Humboldt County, California. We appreciate having the ability to listen to encouraging music in our rural county. We have nothing similar available from our local area.

It would be frustrating to lose these two radio broadcasters to an LPFM broadcaster providing other programming.

The service of this broadcaster is invaluable to our local community. I believe so strongly in this that I'm taking the time to comment. K-Love's broadcasting is in the public interest. I know many in our county who would miss their programs.
